

PROFESSIONAL SUMMARY

Frontend Developer & UI/UX Designer with 1+ years of experience delivering 5+ enterprise web applications using Angular and React.js. Skilled at transforming Figma designs into responsive, scalable products, building reusable components, and integrating REST APIs. Passionate about creating clean, user-focused interfaces that improve productivity and business workflows.

TECHNICAL SKILLS

- Frontend: Angular, React.js, JavaScript (ES6+), HTML5, CSS3, Bootstrap, Tailwind CSS
- UI/UX: Figma, Adobe XD, Adobe Photoshop, Adobe Illustrator, Canva, CapCut
- Development Tools: Git, GitHub, VS Code, Postman, REST API Integration
- Currently Learning: Node.js, Express.js, PostgreSQL
- Core Competencies: Responsive Web Design, Component-Based Architecture, Cross-Browser Compatibility, Performance Optimization, UI/UX Principles

PROFESSIONAL EXPERIENCE

NLD India Software Pvt. Ltd.

Web designer | Apr 2025 – Present

- Designed, developed, and delivered 5+ enterprise SaaS applications from Figma design to production deployment.
- Designed 100+ responsive UI screens and developed 60+ reusable Angular components, improving UI consistency and reducing development effort across projects.
- Integrated 30+ REST API endpoints for logistics, document automation, employee management, and reporting modules.
- Redesigned existing applications by improving layouts, resulting in a more intuitive and consistent user experience.
- Built responsive interfaces supporting desktop, tablet, and mobile devices while ensuring cross-browser compatibility.
- Participated in requirement analysis, UI planning, design discussions, and frontend architecture decisions throughout the development lifecycle.

Key Projects

Wellink (Angular)

Enterprise Logistics & Order Management Platform

- Designed the complete user experience and converted Figma designs into a fully functional Angular application.
- Developed 30+ screens covering order management, customer workflows, shipment processing, and Bill of Lading generation.
- Integrated multiple REST APIs for real-time order and shipment processing.

Validation Portal (Angular)

AI-Based Document Validation System

- Designed and developed the frontend for AI-powered document validation and extracted data review.
- Implemented 20+ responsive interfaces for reviewing and validating extracted document information.
- Improved workflow efficiency through clean layouts, dynamic tables, and intuitive navigation.

ClearPort (Angular)

Shipment Tracking & Document Management Platform

- Designed and implemented shipment tracking dashboards and document management modules.
- Developed interfaces for 10+ shipping document types, including Bill of Lading, Invoice, Packing List, Delivery Order, and Cargo details.
- Enhanced document accessibility through structured information architecture and responsive UI.

ClockChamp (Angular)

Employee Attendance & HR Management System

- Leading the UI/UX design and frontend implementation of the employee attendance platform currently under development.
- Designed 40+ modern application screens covering attendance, employee profiles, leave management, teams, managers, reports, and settings.
- Working with backend APIs to implement scalable employee and attendance management workflows.

NLD India Corporate Website (React.js)

- Independently designed the complete website in Figma and developed it using React.js.
- Improved the company's online presence with a professional and responsive corporate website.

Fotografix Enterprises Pvt. Ltd. (Contractual)

Graphic Artist | Jun - Oct (2023)

- Performed professional image retouching, color correction, background removal, and photo enhancement using Adobe Photoshop.
- Delivered 100+ design assets while maintaining visual consistency and meeting project deadlines.

EDUCATION

BSc Graphics & Web Designing.
12th (Senior Secondary)

Chandigarh Group of Colleges, Landran
Govt. Model Senior Secondary School, Chandigarh

PROFESSIONAL PROJECTS

Service-Based Application (React.js)

Built a service marketplace connecting clients with service providers.

Institution Website (Angular)

Developed a responsive institutional website with structured content and dynamic UI
